MRI PROCEDURES QUICK REFERENCE GUIDE FOR SPECIALISTS

WARNERS BAY
4915 7477

BELMONT
4911 9100

CESSNOCK
4013 5111

Helping you *support* your patients.

We are excited to be an accredited provider of Medicare funded MRI services at our Cessnock practice from 22nd May 2023.

Bulk Billing* is available at our practices for all Medicare/DVA eligible examinations with the exception of core biopsy procedures which attract a small out of pocket fee.

Medicare eligible services are those which attract a Medicare rebate, if they satisfy the **strict** criteria as set out in the Medicare Benefits Schedule (MBS). For more information, please visit our website infocusradiology.com.au or mbsonline.gov.au

Examinations outside of the Medicare eligible criteria can still be performed, but will be charged a small private fee.

Frequency restrictions are rolling, not based on calendar or financial year. In Focus Radiology does not perform Breast MRI.

***All Medicare eligible services BULK BILLED** (excluding core biopsy)
